Opis produktu

Action kamera Bresser National Geographic Full HD Wi-Fi Explorer 2 Action camera for beginners The new Bresser National Geographic Full-HD Wi-Fi Action Explorer 2 Camera is a perfect Action Cam for beginners because the cost-benefit relation is rather good. This camera is made for capturing your greatest moments on photo or video. Therefore, your greatest moments are meant to last forever. Thanks to the waterproof housing you can even go diving up to 30 m with the cam and, moreover, the housing shades the camera from dust and sand so that you can use the cam also for mountain biking, skiing, or just at the beach. The possible storage capacity of 32 GB allows you to take long recordings without changing the Micro SD Card. The integrated Wi-Fi function enables a direct and fast transmission of your pictures and videos to your smartphone or tablet. Furthermore, multifunctional mounts allow the usage of additional accessories like helmets or belts. The National Geographic Explorer 2 is made for different action-packed activities. To highlight is the quite good cost-benefit relation, which makes this camera a great purchase.
