Opis produktu

Kamera sportowa Wi-Fi Bresser National Geographic Explorer 4 4K Ultra-HD 170° 4K Ultra-HD WiFi action camera (waterproof, 170°) The brand new Bresser National Geographic Explorer 4 4K Ultra-HD 170° Wi-Fi Action Camera is one of our best and most efficient Action Cameras out of our new Explorer Series. This camera is perfect for capturing the greatest moments on photo or video. Thanks to the waterproof housing you can even go diving up to 30 m with the cam, moreover, the housing shades the camera from dust and sand so that you can use the cam also for mountain biking or skiing. The possible storage capacity of 64 GB allows you to take rather long recordings. An additional battery pack and a powerbank are included in the uncountable accessories so that a power source is not necessary for a while. The integrated Wi-Fi function enables a direct and fast transmission of your pictures and videos to your smartphone or tablet. The National Geographic Action Cameras are made for the usage in the nature or at spare time activities so that you can capture your most exciting and greatest moments forever. The functional accessories are rather important as well as a reliable camera. National Geographic has connected these components to the Explorer 4. It is an excellent action camera.
